Special Shuttle Notes

For 50k and 100k runners that are local and possibly have a ride - please have someone shuttle you to the start/finish area. You can park outside of the park and walk a short distance to the starting location. 50k runners, if you can help it, please don’t take the 100k shuttle times!

17k runners will go directly to Blue Diamond. You are free to park here. Please don’t park in front of someone’s house. Try to use the parking around the park; the dirt lot just west of the park; the school; or in the spaces around the church.

Packet Pickup

This year packet pickup will be located at Blue Diamond Park location:

Packet pickup will be held from 4:30pm to 7:30pm on Friday, Nov 13th 2026

GPS Directions - https://maps.app.goo.gl/7bjWMabiYwrQKnSg8

On-Site Registration and Bib Pickup

If you can’t make packet pickup at the park, no trouble at all. Wake up early on Saturday and pick it up at the starting line! Make sure to arrive with plenty of time to pick up a bib!! Also make sure to pick up your shirt after your run.

We’ll start the 100k packet pickup at 5:45 am on race morning. Technically, the park doesn’t open until 6:00 am, but they usually let us come in early to begin set-up.

Please allow for at least 45 minutes before your start time to pick up your bib. Pay close attention to shuttle times below. We have limited capacity!

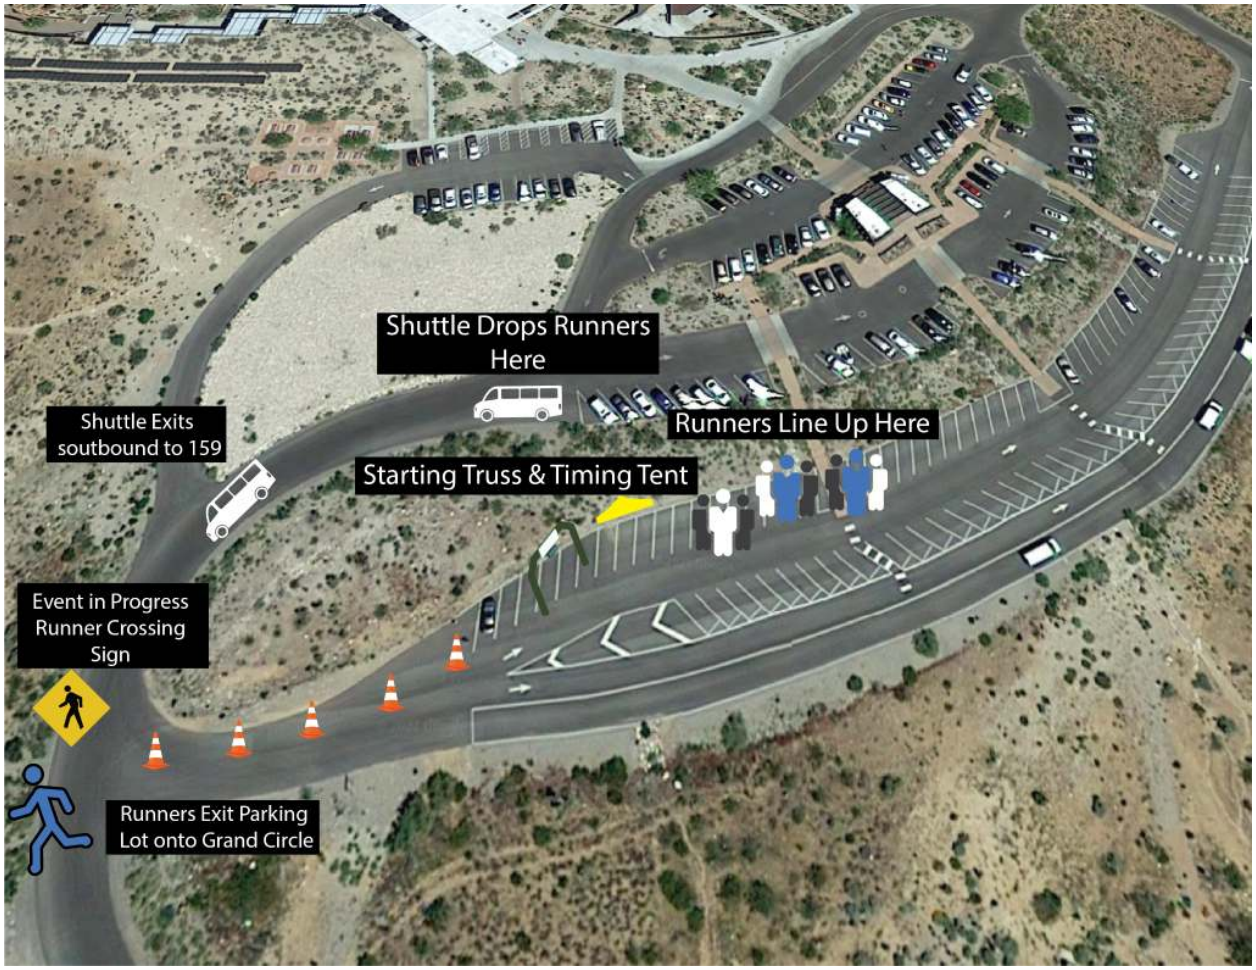

Race Location, Parking, & Shuttling

Race Start Location -

100k/50k - Red Rock Canyon Visitor Center
17k - Blue Diamond Park

The starting line for the Red Rock Canyon 100k/50k is located at the entrance of the Red Rock Canyon fee area directly in front of the visitor center. Athletes who require transportation to the starting line will park at a remote location and will be shuttled to Red Rock Canyon Visitor Center or Blue Diamond Park.

50k/100k Starting Location

17k runners will start at Blue Diamond Park.

100k & 50k Parking Diagram

All 100k and 50k participants should park on the northeast lot of Doral Academy by following the one-way clockwise loop via Suncreek Dr (see the directional arrows above. This is one-way only)

100k & 50k Parking Lot Diagram

Please follow the one-way road around the school to park in our designated parking area above. Don't park in the adjacent lot, please!

Participants may also be dropped off at the race start location and picked up from Blue Diamond Park following the race. Please understand that we cannot have spectators at the start of the 50k/100k and parking is limited for spectators at the finish in Blue Diamond. It is up to you and your transportation to use discretion when dropping off and picking up. We would prefer it if you shuttled, but we're aware everyone has unique schedules!

Gear Drop & Pacers

Gear Drop for 50k & 100k will be located at the starting line. Please clearly mark your bags with your full name, bib number, contact number, and drop bag location. Your bags will be placed at drop bag locations according to your label! Bags without a label will be taken to the finish line bag drop in Blue Diamond. **No pacers for 50k runners.**

Bag Drop Locations and Crew Access for RRC100k:

South Oak Creek - South Oak Creek Trailhead

- Roughly mile 15.5
- Bag Drop
- Portable toilet
- No Crew access - limited space

Blue Diamond - Blue Diamond Park

- Roughly mile 19.5, 27.5, & Finish
- Bag Drop
- Park toilet
- Crew Access

Late Night 100k - Late Night Trailhead

- Roughly mile 43.5 & 58.25
- BLM pit toilet
- Crew access & Pacer Pickup number 1

Red Valley 100k - Red Valley Trailhead

- Roughly mile 47.75 & 56
- Portable toilet
- Bag Drop
- Crew access Pacer pickup number 2

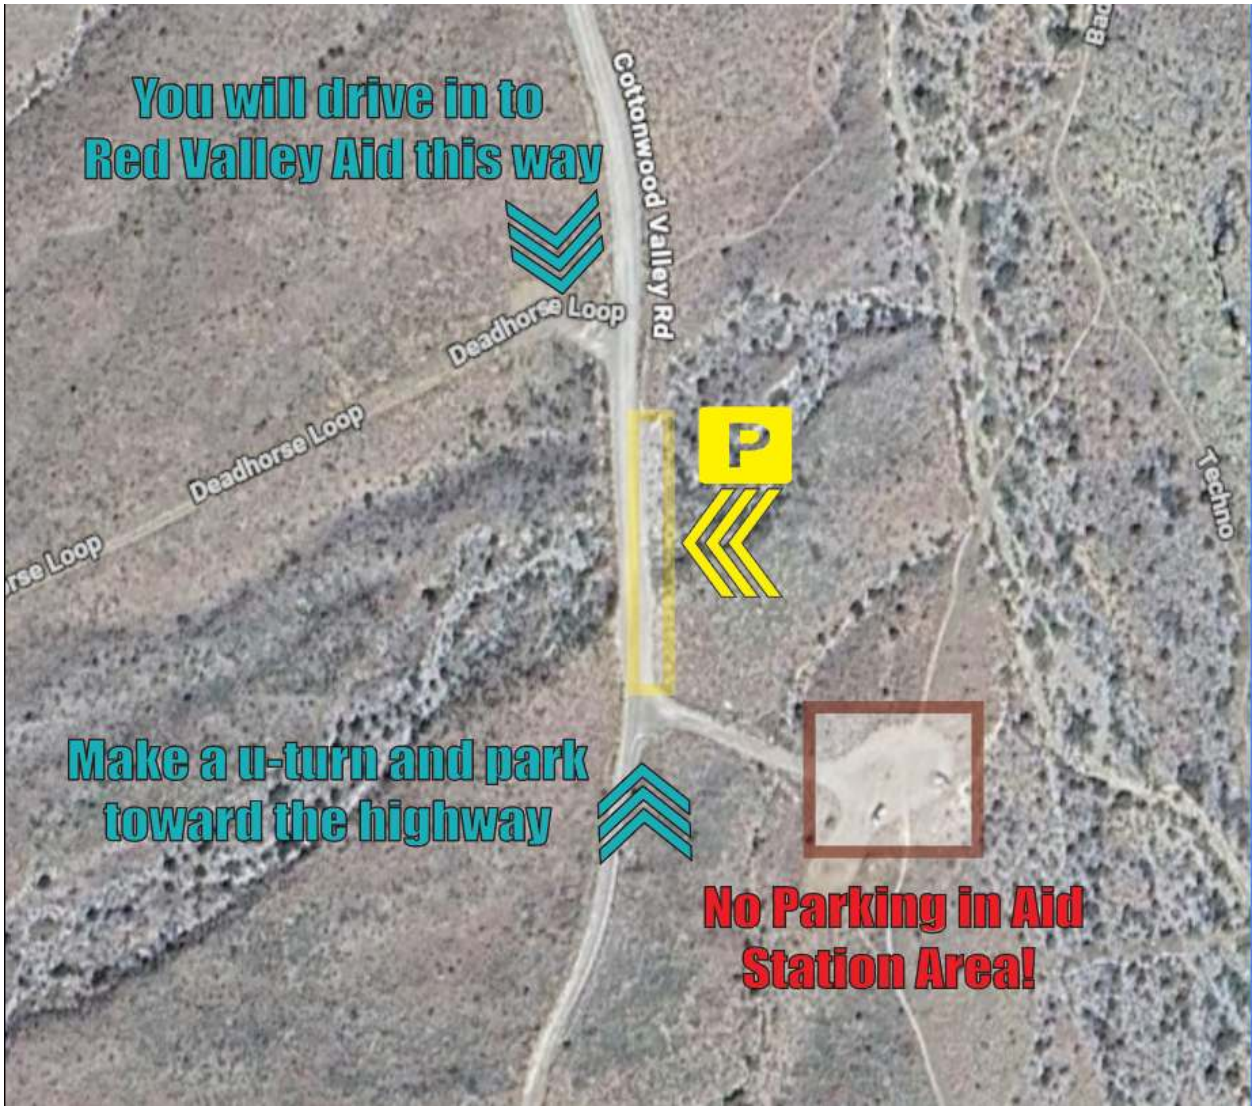

Pacer Pickup Location

Pacer Pickup 1 - Late Night Trailhead / Pacer Pickup 2 - Red Valley Trailhead

Runners can pick-up a pacer at mile 43.5 or 58.25 at the Late Night aid station. We would recommend a pacer for slower runners that feel they will still be on the course after the sun goes down. Runners can also pick up their pacer at Red Valley aid station at mile 47.75 or 56.

Special Parking Instructions for Crew Access at Red Valley. Please don't pull into the aid station area at the Red Valley Trailhead. Instead, please park along the eastern side of Cottonwood Valley Rd facing the highway. Please allow plenty of room for passing traffic along the road.

Awards

We’re working with Ron Hammet this year to bring you great medals, awards and swag. We love their stuff and we’re confident you’ll agree! Always locally produced and distributed!

We’ll have podium awards for top runners of each distance!

All runners will receive a race shirt, beer, food, and a finisher award!

Awards and Post Race Festival

Award Times

Distance	Time
17k	Between 10:45am and 12:00pm
50k	Between 1:30pm and 2:30pm
100k	Between 4:30pm and 5:30pm

Dependent on a complete podium (1st, 2nd & 3rd) finishers

We'll be cooking up some food for you after your race. Swing by the kitchen and visit the kitchen to get hooked up!

We'll also have cold beer from CraftHaus!

Come Prepared!

Come prepared for warmer conditions in the day and cold conditions at night. Review the drop bag locations carefully and ensure that you leave warm clothes for the nighttime hours! It will get really cool for the 100k runners through the early morning hours if you're still on course! The temperature could get into the low 40s on Saturday night / Sunday morning.

There is a chance that we can get a wild winter storm in November so please come prepared for cold conditions by packing layers in your drop bags. If the sun is shining it will be very comfortable running conditions, but when the clouds move in things change fast!

However, we didn't choose to host this race in November randomly. The weather is usually stellar for running in Vegas this time of year, so we're looking forward to some great running conditions for you!

Where to Stay

Silverton - Directions to Silverton

The Silverton is roughly 15 minutes from Desert Diamond Baseball Complex (Event Parking Lot) and 21 minutes from the finish line in Blue Diamond.

Red Rock Casino - Directions to Red Rock Casino

If you're coming from out of town and you have someone to transport you to and from the event, we'd recommend staying at Red Rock Station. Red Rock Station is just 10 minutes to the race start. The finish line in Blue Diamond is roughly 20 minutes away and event parking is roughly 23 minutes. Please note that if you're getting dropped off, there is a $15 dollar fee to enter the park!

Red Rock Campground - Directions to Red Rock Campground

If you're up for camping and you have someone to transport you to/from the event, RRC Campground is just 5 minutes from the starting line. The finish line in Blue Diamond is roughly 15 minutes away. Event parking is about 26 minutes. Please note that if you're getting dropped off, there is a $15 dollar fee to enter the park! I would hurry, available spots are looking slim!

Check out the Red Rock fee page for specific pricing on park entrance and annual passes: https://www.redrockcanyonlv.org/fees/

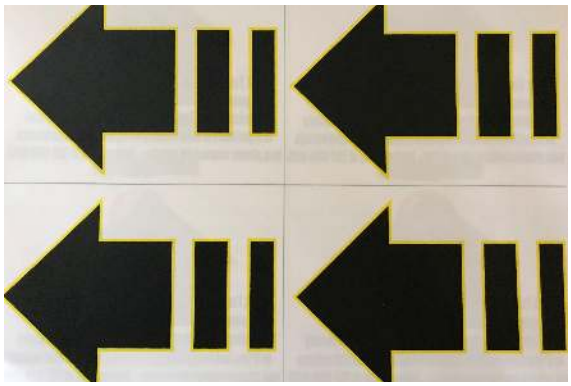

Course Marking

The race course will be heavily marked every .25 mile with reflective surveyor flags. The surveyor flags will have a Desert Grown label attached with emergency contact information. In addition, a combination of generic and specific mileage arrows will be used to direct you at major intersections with other trail systems that cross the course. Look for many of these trail markers to be affixed to existing Red Rock trail sign posts and signs. These signs will only be used when you must leave a current trail to get on a new trail! Otherwise, look for surveyor flags to lead your way at small trailforks.

(Pink flags this year. Colored arrows by distance)

Race Timing

All runners will be provided with a chip start at the beginning of the race. Runners will then be manually checked in and out of every aid station along the course. Timing software will catch a split time at roughly mile 19.5 when you pass through Blue Diamond. Another split will be captured for 100k runners at mile 27.5 at Blue Diamond for their second time. Finally, a finish time will be recorded when you come back into Blue Diamond to finish the race.

All final results will be loaded to Ultrasignup immediately after the race.

Live Tracking & Results

Track your athlete as they cross through Blue Diamond and Late Night for the 100k runners. All runners finishing times will also be recorded here throughout the day:

100k -

50k -

17k -

All final results will be posted on Ultrasignup - (to be posted here)

Medical Support

We'll have professional nursing staff and rescue standing by to clean you up if you need a little help. They will be armed with an OHV to reach anyone who might need some help anywhere on the course!

Communications

We'll have 2-way radios at all aid stations and the start/finish area for communications between points on course and for emergencies. Not to mention keeping tabs on all of you on the course!

Course Rules

It's easy! Ensure that you carry respect with you while running on the trails in our home. Please don't litter and give plenty of room to plant life and animals in the area. Be kind to other runners and encourage future participation in our sport; show appreciation for the volunteers who support you, and remember to smile! This stuff is just for fun!

by Gary FX LaMorte

Thank You

You can throw on a pair of shoes and run anywhere you like. We strive to foster that simplicity by creating an atmosphere where you can simply do what you love, with the people you care about, in the places you want to be.

A special thanks to all the great volunteers and friends who make Desert Grown events possible.

Thank you for running & volunteering with us!
